

磨擦焊接機 Vibration Welding Equipment

- 摩擦焊接優點包括：
 - 機電式振動磁頭組件(200-240赫茲)
 - 超精密4軌平台滑動系統
 - 固態15 Hp數位振動
 - 全彩觸碰式螢幕顯示
 - 交互式全面人性化操作選單
 - 可程式參數操控
 - 可自動化
 - 可程式振幅0.040"到0.070"來說" (1.0到1.8毫米)
 - 以時間控制或距離控制焊接
 - 操作中低於80分貝(連續的測量)

Vibration Welder Features :

- Electromechanical vibration head assembly (200-240 Hz)
- Super rigid four rail table slide system
- Solid state 20hp digital vibration drive
- Full color touch screen display
- Intuitive and interactive comprehensive help menu
- Part parameter monitoring with programmable limits
- Choice of either English or Spanish menu structure
- Automatic tuning
- Programmable amplitude 0.040" to 0.070" (1.0 to 1.8mm)
- Weld by time and weld by time and weld by distance (absolute or meltdown)
- Less than 80 db in operation (continuous measurement)
